DESCRIPTION

LICHEN AND ALGAE REMOVER is a safe and easy to use cleaner formulated to effectively remove and control further regrowth of mould, algae, mildew and lichens. It is corrosive, and not harmful to vegetation.

It is important to note that Lichen and Algae Remover does not show immediate results but works slowly and effectively without damaging the surface. Some lichen and algae may take up to one week to remove. This product is biodegradable.

Contains 50% w/w Alkyl Dimethyl Benzyl Ammonium Chloride as the active surface ingredient.

EXTERIOR USES INCLUDE: roofs, patios, brickwork, fences, pathways, plastic matting's etc.

INTERIOR USES INCLUDE: removing mould and mildew from walls, floors and ceilings.

DIRECTIONS FOR USE

For best results dilute solution with water and apply with brush or sprayer. Be sure to saturate porous surfaces.

- **LIGHT DUTY REMOVAL:** 1 part Lichen and Algae Remover Concentrate to 100 parts water

- **MEDIUM DUTY REMOVAL:** 1 part Lichen and Algae Remover Concentrate to 50 parts water
- **HEAVY DUTY REMOVAL and COMMERCIAL USE:** 1 part Lichen and Algae Remover Concentrate to 20 parts water

INTERIORS

Apply and leave on the surface for as long as possible, without drying out. Wash or sponge off excess residue.

EXTERIORS

Apply and leave on the surface for as long as possible. Do not apply before rain showers. Leave for a few days and remove with a stiff brush or high-pressure water spray. Alternatively, leave the product to dry on the surface and allow for the weather to do the work, results may take several weeks.

SAFETY INFORMATION

Refer to Material Safety Data Sheet for handling and first aid instructions. Gloves are recommended for people with sensitive skin. Avoid skin or eye contact. Always wash hands after use. Keep out of reach of children.
