Chemico Cream Cleaner (Lemon or Rose)

- Product Description:** Chemico Cream Cleaner is a high-quality, creamy cleanser containing a mild abrasive, concentrated detergents, and the bactericide Triclosan at 3% w/v.
- Will Clean:** Baths, basins, showers, toilets, benches, paintwork, whiteware, fibreglass, and chrome appliances.
- Main Features:** The mild abrasive cuts into grease and dirt while the concentrated detergents emulsify the dirt and grease allowing any residues to be cleaned up with a wet sponge or rinsed off. The Triclosan kills *Candida albicans*, *E. Coli*, *Staphylococcus aureus*, and *Salmonella menston* for several hours after use. The cream has fine particle sizes resulting in little or no scratching.
- Properties:**
- | | |
|----------------|----------------|
| Colour: | Yellow or Pink |
| Smell: | Lemon or Rose |
| pH: | 9 - 10 |
| Particle size: | 40 microns |
- Chemico Cream Cleaner contains biodegradable detergents.
- Instructions:** Shake well before use. Squeeze straight from the bottle onto the surface, wipe with a damp cloth or sponge, and then rinse thoroughly. For delicate surfaces use a little Chemico Lemon Cream Cleaner on a damp cloth and rub gently.
- NZFSA:** Chemico Cream Cleaner is also available in an un-perfumed formula which is NZFSA-approved C 31, all animal products except dairy.
