# Fleetwash Plus

Detergent for vehicle  
and equipment washing

## Use Instructions

Use Fleetwash Plus at concentrations between 1%-4%v/v depending on the application and soil type.

**Spray Cleaning:** 1. Rinse surface to remove any excess soil. 2. Prepare solution of Fleetwash Plus. 3. Spray solution on to surface, starting at the bottom. 4. Allow a minimum contact time of 3 minutes and maximum time of 30 minutes. Avoid solution drying on surface. 5. Rinse product contacting surfaces with potable water after use. If pressure rinsing use at least 500 PSI pressure starting from the bottom up, finishing with a final rinse from the top down.

**Manual Cleaning:** 1. Prepare solution of Fleetwash Plus. 2. Apply with cloth, mop or brush. 3. Allow a 3-30 minute contact time. 4. Rinse product contacting surfaces with potable water after use.

---
