  - ▶ Food Service
  - ▶ Retail
  - ▶ Lodging
  - ▶ Food Processing
-

# Use Overview

## Directions for Use

1. Connect product container to water hose. Set dispensing selector knob to high flow position.
2. Spray diluted product into drain for 2-10 seconds, based on drain size.
3. Allow 30-60 seconds contact time for foam to work.
4. Set dispensing selector knob to rinse and thoroughly rinse drain. Do not allow product to dry in drain.
5. Disconnect Suma ElimineX from hose and attach Suma J512 J-Flex spray.
6. Spray diluted product into drain for 2- 3 seconds, based on drain size.
7. Allow to air dry.
8. Avoid contamination of food during use or storage.

For further advise please consult your Diversey representative.
