

Product Information

FOAM PLUS MK2

A chlorinated, liquid detergent with high foaming properties for heavy duty cleaning and sanitising applications in meat and food processing plants. Foam Plus Mk2 is used to remove fats, proteins and general soils from floors, walls and other hard surfaces.

DO NOT use on aluminium surfaces.

◆ DIRECTIONS:

Foam Plus MK2 is primarily designed for use in a foaming unit but it may be manually applied with a brush. Scrape off excess soil. Rinse with water.

Then apply Foam Plus Mk2 by:

a) Foaming unit: Use at 10 – 40 ml/Lt (450–1800 ppm chlorine).

b) Manually: Use at 30-60 ml/Lt
In all cases leave 10-15 minutes then thoroughly rinse all surfaces with potable water before restarting production.

◆ BIODEGRADABLE:

The surfactants in this product are biodegradable according to internationally accepted criteria.

◆ PRESENTATION:

Foam Plus Mk2 is available in the following pack sizes:

- 20 Litre
- 200 Litre

◆ NZFSA APPROVAL:

Foam Plus Mk2 is NZFSA Approved C31 (All animal product except dairy)

◆ HAZARDS:
